CAREER OBJECTIVE

Motivated and detail-oriented Computer Science Engineering student seeking a Software Developer position where I can apply my programming, problem-solving and software development skills to build innovative applications. Eager to learn new technologies, contribute to a collaborative team and grow as a software professional while delivering high- quality solutions.

EDUCATION

B.E. Computer and Science Engineering
IFET COLLEGE OF ENGINEERING , (Anna University)
CGPA: 8.6 / 10 (Till 5th sem) | Duration : 2023 - 2027

Higher Secondary Education (12th Grade)
Government Boys Higher Secondary School
Percentage: 84% | 2023

PROJECT EXPERIENCE

Piezoelectric Power Generation System using Arduino Uno | May 2025
Designed and developed a renewable energy harvesting system using piezoelectric sensors.
Arduino Uno to generate electrical energy from mechanical vibrations and foot pressure.

AI-Enabled Academic Certificate Verification System Using Hyperledger Blockchain | JULY 2025
Developed an AI-powered academic certificate verification system using Python, OCR, Computer Vision, and Hyperledger Fabric.
Implemented AI-based format validation, duplicate certificate detection, and tampering detection for digital certificates.

INTERNSHIP EXPERIENCE

Internship training - Pinnacle Labs | Feb 2026
Developed and optimized responsive web applications by implementing modern front-end technologies, contributing to successful project completion within internship timelines.

Internship Training - CloudLogic Technologies |Feb 2025
Developed responsive web pages using modern web development technologies, enhancing user experience and understanding of front-end development concepts.
Gained hands-on experience in HTML, CSS, JavaScript, and web application development.

TECHNICAL SKILLS

Programming Languages : Python, Java
Web Development :HTML5,CSS3,
Database Management :MySQL, SQL
Soft Skills :ProblemSolving , Teamwork, Time Management, Adaptability,Project Coordination

ACTIVITIES

Participated in inter and intra college technical competitions and won prizes in Project expo and Hackathon events.
Active member of ISTE (Indian Society for Technical Education).
Participated in HackIndia 2026, one of India's largest Web3 & AI Hackathons, collaborating with a team to develop innovative technology solutions and enhance problem-solving, teamwork, and software development skills.

CERTIFICATIONS

Infosys certificated Courses - Introduction to AI, Prompt Engineering
Power BI for Beginners - Microsoft
CISCO Networking Academy - Network Defense , Cybersecurity Essentials
Advanced Arduino Programming and Build Own Drone - ATAL Academy, Pondicherry
Visual insights:Data Storytelling with python & tableau Workshop , Security Tools in Linux Workshop - ISTE
